

Faith & Work Panel Discussion
Equip Nights Week 3 | Spring 2024

Participants: Andrew Tew (moderator), Autumn Bezerra, Jackson Hirsch, James Tew, Karli Barrett, Scott Presson, Wesla Dozier

1. Tell us a little about yourself & what you spend your day doing, and how you got into this “vocation” & calling.
2. How does your faith in Jesus impact the way you think and approach your vocation? How do you see your work as an opportunity to love God & love your neighbor, and the common good?
3. What are some frustrations in your vocational life that you encounter on a regular basis? How do you uniquely feel the effects of the fall & sin? How do you process these in light of the gospel story?
4. There is a trend post-Covid of “working from home” or “working remote.” For those of you who are outside of traditional vocational life in this way, how do you approach this in light of God’s design for work?
5. How does the gospel redefine ”success” in your vocational life? If we are all “working for the Lord Jesus” - what does this practically look like for you?
